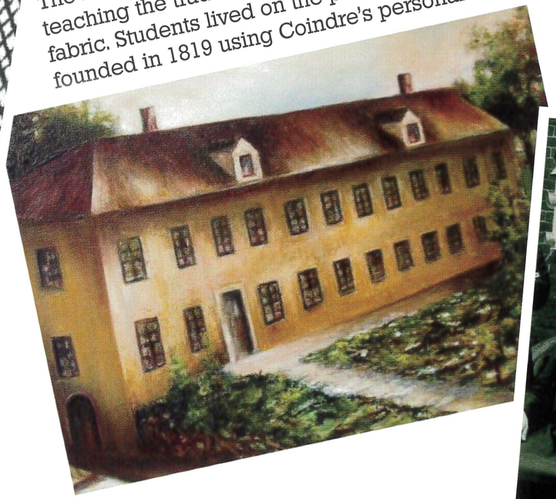
Fr. André Coindre, the founder of the Brothers of the Sacred Heart was born in 1787 in Lyon, France. While working as a prison chaplain, he identified a need to create a sanctuary for boys who had been left abandoned and orphaned during the chaos of the years immediately after the French Revolution.

The first Brothers' school in Lyon focused on teaching the trade of weaving silk jacquard fabric. Students lived on the premises. It was founded in 1819 using Coindre's personal funds.

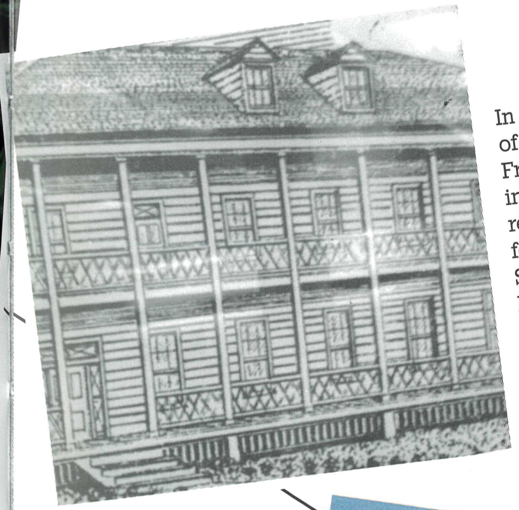


With the school established, Fr. Coindre moved on to realizing his vision of creating a new religious order dedicated to providing sanctuary and formation for generations of young men in the hopes that they would learn to understand God's love for them. In 1821, he formally founded the Brothers of the Sacred Heart. Pictured above is a group of Brothers taken in 1931, not long after the centennial of the founding.

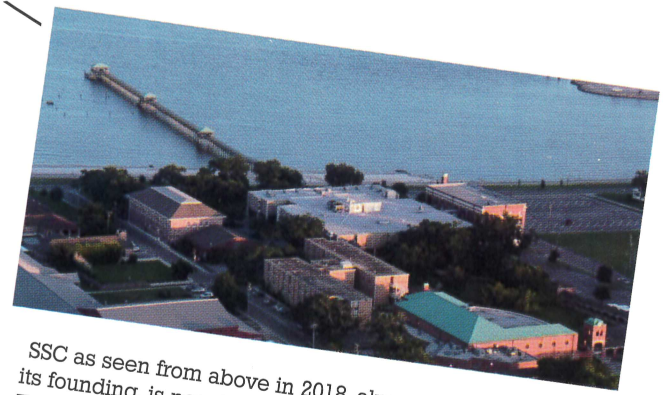
Father Coindre...created a sanctuary for boys and developed a whole educational system based on trust in their eternal possibilities and their deep-down dignity... I consider myself blessed to become a part of his spirituality of boys. It is very much alive at Saint Stanislaus.

--Bro. Bernard Couvillion, SC on his connection to the 200th anniversary of the Brothers' founding.

In the 2021-2022 school year, the Brothers of the Sacred Heart celebrated 200 years of mission and ministry since their founding.



In 1854, Fr. Stanislaus Buteux, pastor of Our Lady of the Gulf parish in Bay St. Louis, traveled to France to request the assistance of the Brothers in founding a school in his parish. The Brothers responded to the call and five brothers sailed for Mississippi. There, in 1856, they founded St. Stanislaus, the oldest continually operating Brothers of the Sacred Heart school. Pictured is the original school building.



SSC as seen from above in 2018, almost 165 years after its founding, is now just one of 11 schools in the US, England, and the Philippines that belong to the U.S. Province of the Brothers of the Sacred Heart in 2022.

After 200 years, the Brothers continue their mission of bringing the message of God's love to people around the world.

Honoring Laurin Lafontaine

For 40 years of service at SSC

Mrs. Laurin Lafontaine began her career at Saint Stanislaus on September 18, 1981, working in the library before becoming the school's bookkeeper where she spent the majority of her career. She retired in November 2021. Her career spanned an astonishing 40 years. During that time she worked for nine Presidents of Saint Stanislaus College. Her son, Terrell Lafontaine, graduated from Saint Stanislaus in 1992. Ms. Laurin's eldest grandchild, Ethan Favre, graduated from SSC in 2020 while grandson Evan Lafontaine is a member of the SSC Class of 2023.

Thank you for your all your hard work and we wish you a wonderful retirement!

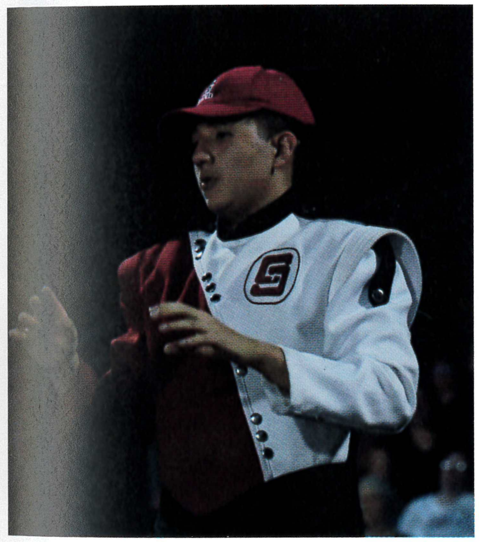
In loving memory...



Rogelio "Roger" Chacon was an important part of the Class of 2023. He was a member of the band, a student minister, and a baseball player. He was also a student, classmate, and friend who will be missed by everyone who knew and loved him. We pray for his warmth and kindness to live on in the way we treat others, and for his memory to live forever in our hearts. Rest in peace, Roger.

Back to School

Back to school means a new year, a new beginning...

Yes, that might mean back to the classroom, but it also means back to football, swimming, and other St. Stanislaus traditions. Fall activities provide a fun environment for kids who want to reconnect with each other after the summer.

The new school year also means a new senior class ready to participate in the last step of their high school journey, and it all begins with "back to school."

Senior Ring Mass

Seniors kick off their last year as a Rock with two events that help them reflect on what it will mean to be an SSC graduate. The first is the Senior Leadership Breakfast where students share a meal with notable SSC alumni and hear from a guest speaker who is a friend of the school. The second is the Senior Ring Mass where seniors receive their class rings. Many students receive new rings while others have a ring that is passed down to them by a family member who was an SSC alumnus.

Esports

The 2021-2022 school year was E-sports biggest year since SSC's program started. There were many new players who joined the team. Rocket League and Super Smash were the two games SSC players competed in this year.

Rocket League had two teams including A team members Brady Logan, Edward Dezendorf, and Gabe Tusa. The B team consisted of Noah Lemmon, Brady McCaw, and Clayton Fletcher.

The Rocket League A team placed in the top eight in the state, making it to the second round of the playoffs. B team placed 14th in the state.

Our Super Smash Bros team, was in its first year of competition. Team members included Gavin Cuenca, Jake Blalock, Ronnie Bourgeois, and Brayden Leblanc

Esports Coach, Mrs. Lawson, led the team this year doing an outstanding job helping the team raise funding for a variety of new equipment that enhanced the program and made it more competitive.

Esports Co-Captains Dominick Morello and Jackson Reid helped lead the team to a fantastic year and left the team with a great legacy to build on.

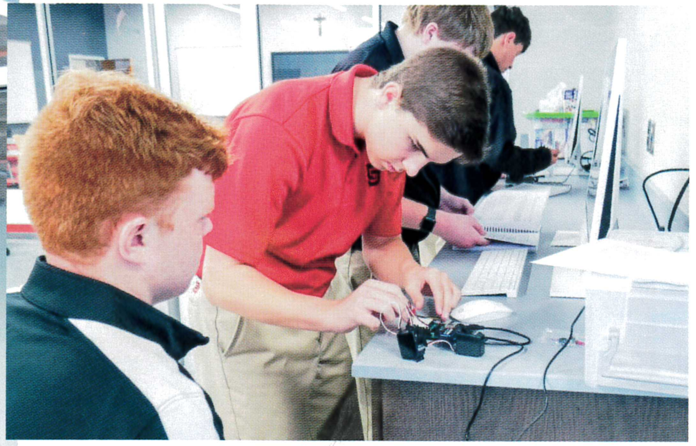
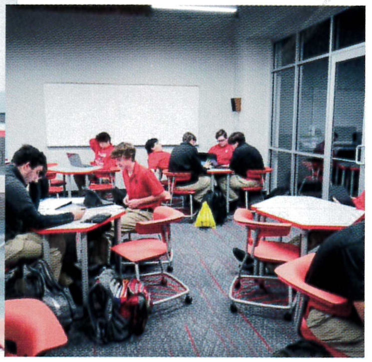
STEM Lab





Update Downloading...

Over the summer, the STEM lab received several major upgrades to help SSC students prepare for careers in science and technical fields. Improvements included dividing the space with a glass wall into classroom and lab space, new tables and chairs, new floors, and new tech equipment including smart boards and rolling white boards.

One way the seniors did this was working in small groups to share personal experiences. They also participated in meetings about the 5 Promises of Manhood to better learn how to become a Man of Character.

Rocks Baseball & the Green Monster.... (Energy Drink)

The SSC baseball team spent the year building up their energy supply with the help of an array of caffeinated drinks. The tops of the lockers around the room were lined with empty cans from the energy drinks that kept them going when they were tired. They started their collection at the start of the season and finished the season with over 100 cans collected. The top two brands in their collection were Monster and Reign energy drinks. According to sophomore Rylie Cook, "Energy drinks woke us up and got us pumped up for the game."

In a favorite Stanislaus tradition, every fall, each new 7th grader is assigned a senior (or two) who will help them settle in and will keep tabs on them throughout their first year at SSC. Big Brothers offer guidance and support and little Brothers offer a chance to hone leadership skills and reflect on how far each senior has come.

The year began with a meet-and-greet day and concluded with a beach party for the Big and Little brothers.

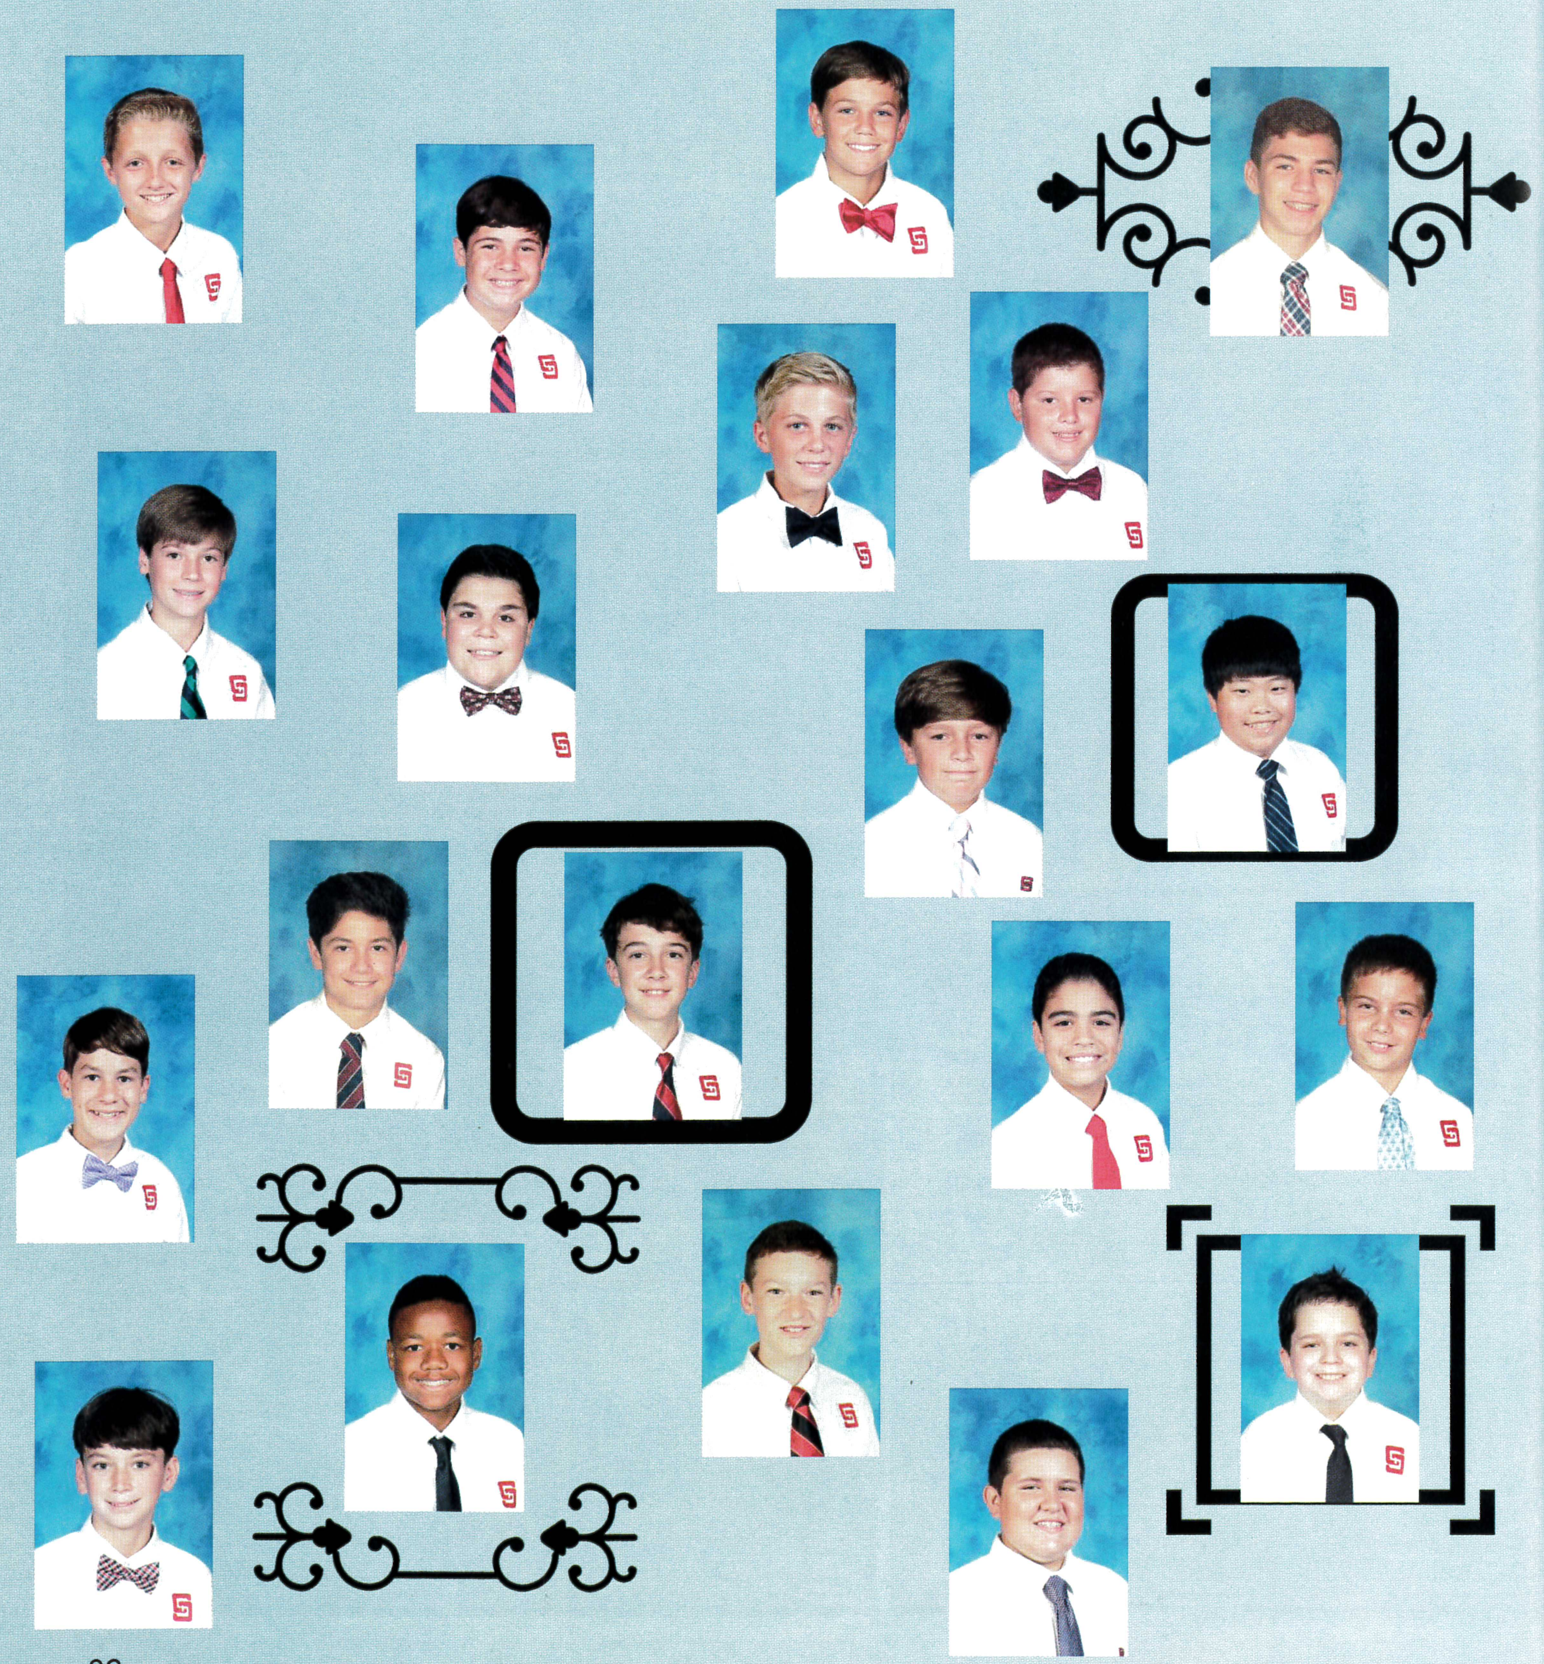
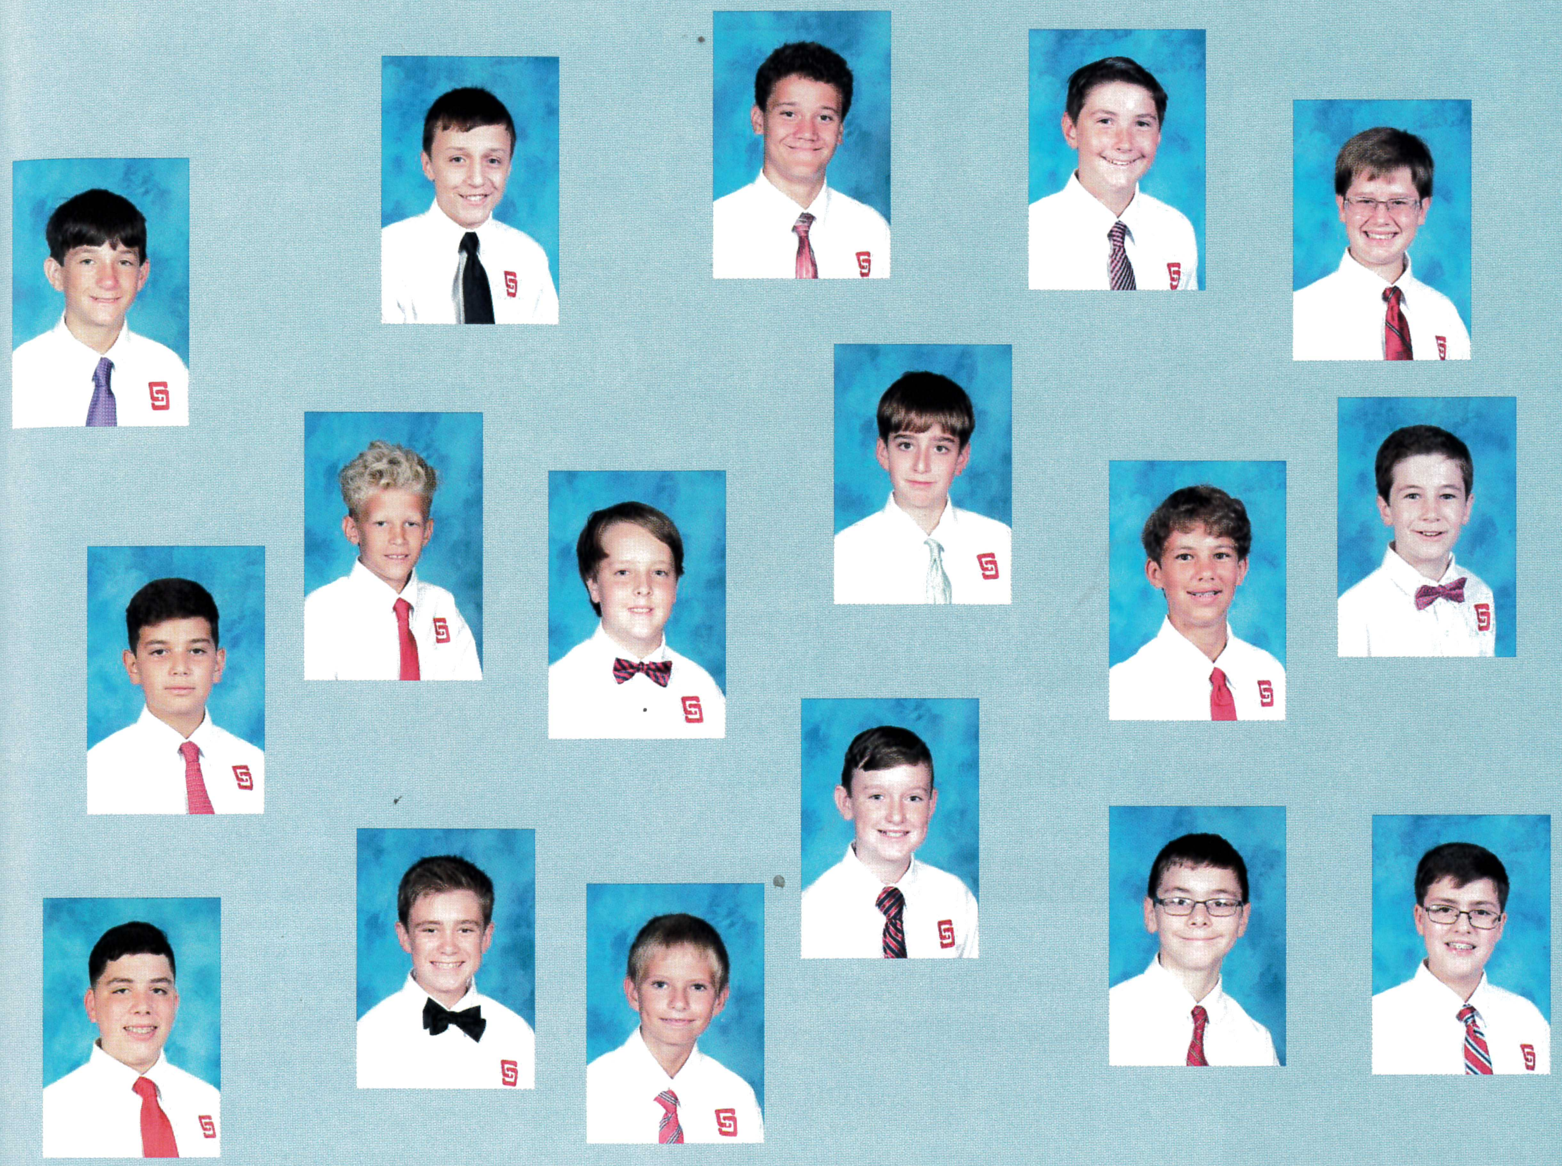
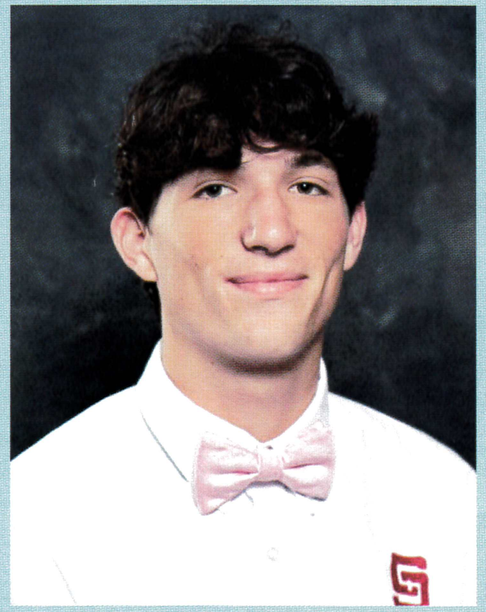
Our 2022 seniors weren't always so grown-up...







The one that got away...

Behold the elusive Jackson Morris, student in good standing at Saint Stanislaus since August 2016, although you wouldn't know it by looking through the 2020 or 2021 editions of the White Cap.

Jackson managed to stay in stealth mode for two years in a row and dodged us on school picture day as both a sophomore and a junior... but this year we managed to photograph him not once but twice.

Jackson, sorry we missed you last year, but here's a bonus picture of you as a senior to make up for it!

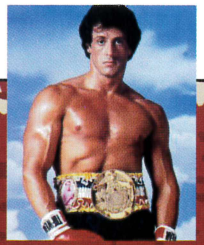
Senior Wisdom

Seniors share some of their favorite quotations from tv, books, movies, music, and real life.

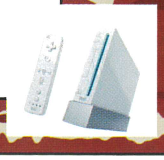
Colin Wood: “The pain that you’ve been feeling can’t compare to the joy that’s coming.” Romans 8:18

Jackson Reid:
“He that falls in love with himself will have no rivals.” --Benjamin Franklin

Jason Adams: “The world ain’t all sunshine and rainbows, it is a mean and nasty place. It doesn’t matter how tough you are, it’ll beat you to your knees and keep you there permanently if you let it. Nobody is gonna hit as hard as life, but it’s not about how hard you hit, it’s how much you can GET HIT and keep moving forward, how much you can take. THAT’S HOW WINNING IS DONE!!!!” --Rocky Balboa

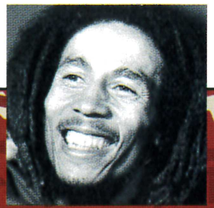


Stephen Necaise: “An error has occurred. Press the Eject Button and remove the disc, then turn the Wii console off and refer to the Wii Operations Manual for help troubleshooting.” Nintendo Wii



Mark DeRoche: “This effort is no longer profitable!” Hondo Ohnaka

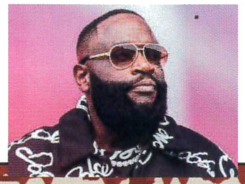
Carson Leveret “Don’t worry about a thing, every little thing is gonna be alright.” Bob Marley



Henry Hanlon:
“Life moves pretty fast. If you don’t stop and look around once in a while, you could miss it.” --Ferris Bueller

Coel Reif: “You talking to me?” - Travis Bickle

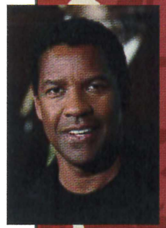
Kaiden Clement: “I eat pears.”



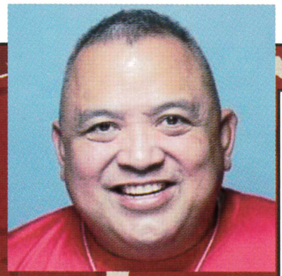
Nicholas Sullivan:
“Please don’t make the super-suit green... or animated!” --Wade Wilson

Clayton Bryant:
“The only thing necessary for the triumph of evil is for good men to do nothing.” --Edmund Burke

Elijah Sahuque:
“Do for others, more than you do for yourself ” --Denzel Washington



Kendall Desporte: “Surround yourself with holy people, not perfect people.” --Jesse Manibusin



Christian Bourgeois
“With great power comes great responsibility.” --Peter Parker

Gus Breisacher: “Bless us, O Lord, and these, thy gifts, which we are about to receive through thy bounty, through Christ, our Lord, Amen.” --Grace at Meals

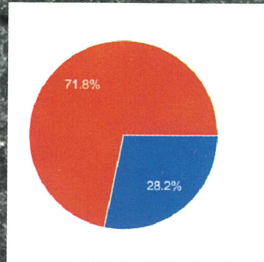
Popular Debates of 2021-2022

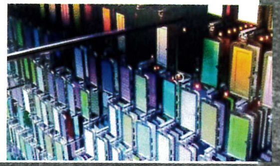
From time to time, everyone enjoys arguing just to argue. Here are a few of the friendly arguments that students took part in this year.

What are there more of in the world, doors or wheels?

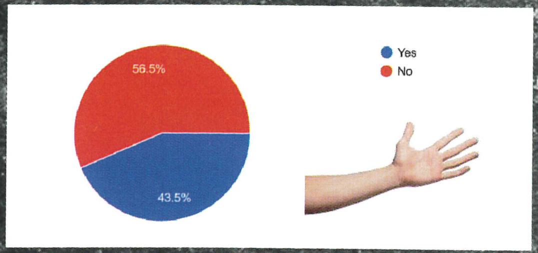
Hot take: Doors are underrated.

–David Bonk





Was Will Smith slapping Chris Rock staged?



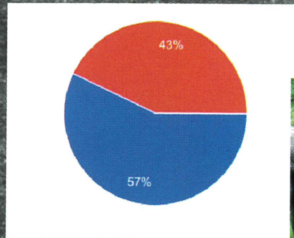
Hot take: Will Smith beats Ironman, Batman, the silverback gorilla, and the grizzly bear all at once.

–Nicholas Monsalve

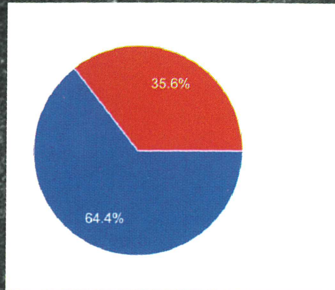
Who's more likely to win in a fight, a silverback gorilla or a grizzly bear?

Hot take: A Grizzly bear is slapping the gorilla. He is twice the size, has claws, and a larger mouth with larger teeth.

–Benjamin Cappel



If they both had time to prepare, who would win in a fight: Ironman or Batman?



Hot take: Ironman is 10 times smarter than Batman. He created a new element, an infinite power source, and so much more. Although Batman has the upper hand in hand to hand combat, Batman's technology is not even close to Ironman's.

The PADI flag represents the professional association of diving instructors. It is the official flag for scuba diving and is used on a dive site to indicate that there are divers in the water.

The Scuba Club went to a dive park at Vortex Springs, which is near Panama City, Florida. They took an online class and practiced at a pool in Slidell, Louisiana.

A Closer Look....

Scuba Club Moderator: Letha Boudreaux

Mrs. Boudreaux has been in charge of the St. Stanislaus marine science program for fourteen years, and the Scuba Club for one year. While here, she has been in charge of marine research that has been presented across the United States. This includes cities: Portland, Oregon; San Diego, California; Mobile, Alabama; New Orleans Louisiana; and, most recently, Port Aransas, Texas. The Oyster Garden Research Project is a project that Mrs. Boudreax and her interns have been doing research on the past few years. The information found is given to the state, and was reported on by the Associated Press last December.
